Rise 316SS 3W DC12V CW 90deg

The Rise Pool/Fountain/Water Feature Light is a durable and reliable underwater lighting solution designed for fountains, ponds, pools, and other water features. Manufactured from **316 stainless steel**, it offers excellent resistance to corrosion, making it ideal for long-term outdoor and wet-environment use.

With a **3W Epistar LED** and a **90° beam angle**, this light delivers a broad, even spread of **cool white illumination**, enhancing the visual appeal of water installations while maintaining energy efficiency. Its compact design allows for easy integration into a wide range of fountain and landscape lighting applications.

Product specifications:

Epistar Led

Size: Dia 52mmX79.5mm

Beam Angle: 90* Standard

Power: AC12V 3W

Housing material: 316 Stainless Steel
